MEN WERE BEATEN ALMOST TO DEATH

Pitiful Stories Told by Men Who Reach Pensacola.

GREAT WELTS FOUND ON BODIES

Men Claimed They Were Held in Bondage at Lumber Camp—Allege They Were Beaten and Chased by Bloodhounds.

Pensacola, Fla., July 28.—With big welts and bruises all over their arms and bodies, some of them as large as a finger, and with clothing torn by the fierce attacks of bloodhounds that had trailed and caught them, three more men have arrived here from the camps of the Jackson Lumber company at Lockhart, Ala., and asked for protection.

The men are John Cook and Harry Lyman, Americans, and Venlal Kelvershult, a German.

"We tried to escape last Saturday night," said the men, "but they put the bloodhounds on us and we were trailed down and captured, and taken back to the camps."

"What did they do with us?" replied Lyman, in answer to a question, "Well, look at my arms and my back. They answer the question," he said, as he bared his arms, showing welts as large as a finger and terrible bruises.

The others were in a similar condition, Cook being so weak and exhausted that he could scarcely walk from the police station, where they had gone.

"We were given forty lashes each, and taken back. The bloodhounds would have torn me to pieces but I was fighting for my life, and saved myself by a hard fight. Here, look at my coat, you can see where the fangs of the animal sunk as he made a leap for my throat and missed me. Our second attempt to escape was more successful, and we came on to Pensacola to report the matter."

The Jackson Lumber company, reply to an article in the Pensacola Journal, giving an account of the affair, demanded of the paper that it send a representative to investigate conditions and that it retract the reports concerning it.

In reply, the paper wired that the best manner to conduct an investigation of the affair would be for the company to surrender three of their employes who it is alleged recently followed a Polander, who had escaped into Walton county, where they kidnaped him and took him back to the camps.

Cuthbert's Mayor Dead.

Cuthbert, Ga., July 28.—Captain J. W. Sealy, mayor of Cuthbert, died here at the home of his son-in-law, L. E. Key. Captain Sealy had been in declining health for some months, but the immediate and sudden cause of his death was a stroke of paralysis. He was 74 years old and has been prominently identified with the religious, commercial and political affairs of the city and county.

Horrible Death on a Saw.

Collins, Miss., July 28.—While passing an edging machine at the W. C. Wood Lumber company's mills, John Warren, an employe of the company, tripped and fell on a saw. Warren was horribly mutilated and lived only a few minutes after the accident. Mr. Warren was a married man, and has three little children.

Sapphire Inn is Burned.

Asheville, N. C., July 28.—Sapphire Inn, one of the Toxaway company's hotels in western North Carolina, was destroyed by fire Thursday. No lives were lost. The building was one of the smaller of eight conducted by the company and the financial loss will not be great.

Pirates Attack Spanish Vessel.

Madrid, July 28.—Dispatches from Melilla, Morocco, say that the Spanish bark Manuela has been attacked by pirates of the Riff coast. It is suspected that Spanish warships will be sent to demand redress.

WOMEN BATTLE WITH MILITIA.

Family Holds Dam, Driving Off the Soldiers.

Ladysmith, Wis., July 28.—James Hedrington, who cares for the dams of the Mississippi River Logging company, on the Thornapple river, arrived here and reports that an encounter took place between John F. Dietz and family and a body of six militiamen accompanied by Sheriff Gyland, of Sawyer county.

One militiaman was shot three times and Clarence Dietz, son of Jno Dietz, was shot in the head. The recovery of the militiaman is considered doubtful.

Hedrington said that the women of the Dietz household took part in the defense and he believed that 150 shots were fired. It is not known whether Dietz was served with legal papers or not.

Dietz for a long time past has held possession of Thornappel dam, preventing the driving of several million feet of logs belonging to the Chippewa Lumber and Boom company. The logs, it is said, are rotting, and the company has for time past been endeavoring to have Dietz served with legal papers compelling him to show cause why the company should not be allowed to drive the logs.

WOMAN IS INDICTED.

Edna Crane Held for Connection With Gainesville Murder.

Columbus, Ga., July 28.—Edna Crane, a young white woman, was arrested by the Columbus police Thursday upon telegraphic request of Sheriff Crowe, of Hall County, Georgia.

She has been indicted by the Hall county grand jury in connection with the murder committed in Gainesville last April, and a bench warrant for her arrest was immediately issued.

The homicide referred to was the killing of Curt Twitty, a young man of Gainesville, for which deed John Tucker Dorsey, a young lawyer of Gainesville, was convicted in the Hall superior court this week, and sentenced to seven years in the penitentiary.

The Crane woman, who is pretty and handsomely dressed and bejeweled, says that the killing occurred on Green street, a mile from her mother's home at Gough Springs. She admits having been at Gough Springs at the time, but says that the killing did not take place at her house, and that she had no connection with the homicide. She has been in a disreputable house in Columbus for some time.

Filled Negro Full of Lead.

Valdosta, Ga., uly 28.—In an effort to arrest a desperate negro named Will White, in Olympia, Ga., Sheriff Campbell, of Colquitt county, and Deputy Sheriff Crosby, of this county, fired six bullets into the negro's body. The negro is still alive, but the chances are considered slim for his recovery. He was wanted in Colquitt county for burglary, and is considered a a desperate character. The officers went to his house as he was sitting down to his dinner, and at the command to throw up his hands, the negro made a dash for his own gun after the sheriff had emptied his pistol, and was shot at several times by Deputy Crosby before he fell.

Engineer Killed in Wreck.

Ironton, Mo., July 28.—A fast north bound Iron Mountain mail and passenger train, drawn by two engines, was wrecked near here Thursday night by the engines jumping the track on a sharp curve, killing Engineer W. J. Eddy, of St. Louis, of the first engine, and seriously injuring Fireman George Echard, of DeSota, Mo.

Three Indictments Returned.

New York, July 28.—The federal grand jury has returned to the United States court three indictments which are reported to have been found as the result of an investigation of alleged rebating on sugar from the American Sugar Refining company.

25 Injured by Train Derailment.

Springfield, Mo., July 28.—Twenty-five passengers were hurt, two probably fatally, and a score or more badly shaken up in the derailment here Thursday night of three coaches of a St. Louis and San Francisco train bound for St. Louis.

REPORT IN FAVOR OF CHILD LABOR BILL

Senate Committee Amends and Passes the Measure.

THE VOTE STOOD SIX TO FIVE

Fight Is Expected in the Senate. Substance of the Bill as Amended Is Practically the Same as the Original Bill.

Atlanta, July 28.—After two hours' consideration Thursday and a tie vote broken by Chairman McHenry, the immigration and labor committee of the senate reported in favor of the Bell house child labor bill with slight amendment, by a vote of 6 to 5.

Before the committee appeared a large number of mill men from several sections of the state. Among these were S. C. Dunlap, of the Gainesville cotton mill; President Jeff Davis, of the Georgia Industrial association; Dr. J. D. Turner, of the Exposition cotton mills of Atlanta; Fuller Callaway; Mr. Harding, of Dawson; Mr. Lincaid, of Griffin, and others. All were opposed to the bill in some particular.

The vote on the committee on the bill follows:

Ayes—Bunn, Carswell, Miller, Foy, Popelan and McHenry.

Nays—King, Bloodworth, Hand, Peyton and Fitzgerald.

It is predicted that the bill will meet with much opposition when it comes before the senate for consideration. After the session Thursday, a number of the members collected and discussed the merits and demerits of the bill. Some stated that they were dead against the measure and would fight it. Some are opposed to it on the grounds that it is undemocratic and will take American liberties from citizens. Others are opposed to the clause.

The substance of the bill as amended is practically the same as the original. The only material difference is correction of an error which crept into the bill by an inadvertence of the printer. The entire meat of the bill is really in section 4. The section as now incorporated in the bill reads as follows:

"Section 4. Be it further enacted by authority aforesaid, that on and after Jan. 1, 1908, no child, except as heretofore provided, under 14 years of age, shall be employed or allowed to labor in or about any factory or manufacturing establishment within this state unless he or she can write his or her name and simple sentences, and shall have attended school for 12 weeks of the preceeding year, six weeks of the preceding year, six weeks of which atendance shall be consecutive; and no such child as aforesaid between the ages of 14 and 18 years shall be so employed unless such child shall have attended school for 12 weeks of the preceding year, six weeks of which atendance shall be consecutive; and at the end of each year, until such child shall have passed the public school age, an affidavit certifying as to such attendance as required by this section, shall be furnished to the employer by the parent or guardian or person sustaining parental relations to such child. The provisions of this section shall apply only to children entering such employment at the age of 14 years or less."

Battleship Dreadnaught Class.

London, July 28.—The agitation against successive reduction of the naval construction program has proved successful and Edmund Robertson, parliamentary secretary of the admiralty, announced in the house of commons Friday that only one battleship of the Dreadnaught class would be delegated from the original program, although savings totalling $12,500,000 would be effected by reducing the tarbout of a number of small vessels.

Bride Was Madden's Wife.

New York, July 28.—Mrs. Annie Magraw Madden, formerly the wife of John E. Madden the racing man, was according to announcement, married last Monday to Lewis V. Bl... former partner...

LITTLE CHILD IS DROWNED.

Baby Drowned in Swollen Creek at Sand Hill, Ga.

Carrollton, Ga., July 28—News has reached here from near Sand Hill, a small town 6 miles from here, in the north of the county, that the 18-months-old child of John Reeves, a farmer of near Sand Hill, was drowned. Its mother and some others had started out to a neighbor's house visiting, and the road lay across a creek. The creek was reached and they found it was swollen by the recent rains and could not be crossed. They then turned back to the house, which was not far away, and supposed the child was following, but when they reached the house missed it. They went back to search for it, but could not find it. A general search was ensued, in which many of the people took part, and the creek was dragged.

When the creek had subsided the child was found some distance below the ford, and it is supposed it wandered away from the party while they were returning, unnoticed, and that it was playing in the stream and the swift water carried it away.

MAN PLUNGES FROM BRIDGE.

Dr. John Parr Falls from Bridge Receiving Serious Injuries.

Macon, Ga., July 28.—Dr. John Parr, a veterinary surgeon, who has been at his business in this city for about two years, fell headlong from a Spring street bridge over the Ocmulgee river here Thursday and landed on an abutment of the bridge in the edge of the water, where he was taken up by the police patrol and hurried to the station. Medical assistance was summoned, and while it is thought his injuries will not prove fatal, he is in a dangerous condition.

No one saw the accident, and when first discovered he was seen plunging head downward to the river, 15 to 20 feet below. He was unable to speak when taken out, but has improved. He is 50 years of age, and had apparently sat down on the edge of the bridge for rest, when he dozed.

Files Application in Bankruptcy.

San Francisco, July 28.—George G. Hadley, one time partner of Senator Stephen B. Elkins, Richard B. Kerns, both of West Virginia, and Henry G. Davis, candidate for vice president on the Parker ticket, filed an application in bankruptcy Thursday. He states that his liabilities amount to $24,540. The better portion of this amount is represented by indebtedness to the Tarrytown National bank, of Tarrytown, N. Y. The papers in the application declares that the applicant is a co-partner with the named politicians in 26,000 acres of coal land in West Virginia. He declares that it has been impossible for him to realize on the property in which he holds a one-eighteenth interest, and which has increased in value ten-fold since the purchase was made for $300,000.

Ptomaine Poison Causes Death.

Eureka, Calif., July 28.—James A. Boone, a citizen of El Paso, Tex., where he was once sheriff, died here Thursday from ptomaine poisoning. Boone and his wife started from San Francisco to Eureka by overland because the sailors' strike has caused a dearth of steamers. They took the stage line at Sherwood, and enroute found it almost impossible to get accommodations or anything to eat. On reaching Dyerville, a small place 50 miles from here, they bought some canned sausage and ate heartily. Upon arrival here Boone became very ill and lingered for several hours. An autopsy confirmed the diagnosis that death was caused by ptomaine poisoning. The remains will be shipped to El Paso, Tex.

Emperor Took Right Course.

St. Petersburg, July 28.—The emperor is apparently convinced that he took the right cours ein suppressing the parliament. A member of the nobility, enjoying personal relations with the sovereign, informed the Associated Press that the emperor displayed exceptionally high spirits. Two weeks ago when he saw how the emperor seemed under a great mental strain over the situation, but with "parliament off his hands," and the government again free to pursue its own policy, a great burden appeared to have been lifted from his shoulders.

JUDGE GIVES DECISION IN DOWIE SQUABBLE

Zion City and Industries Are Not Dowie's,

ORDERS OVERSEER ELECTED

Landis Also Announced that Suitable Provision Would Be Made for Dowie on Account of His Services as Trustee.

Chicago, July 28.—Judge Landis, of the district court, gave his decision Friday in the controversy between the adherents of John Alexander Dowie and Wilbur Voliva over the property at Zion City.

The court holds that Zion City and its industrials do not belong to Dowie, "that Dowie had no right to treat the property as his own."

The court refused to appoint Alexander Granger receiver for the reason that Granger made a vow recognizing Dowie as "a messenger of the covenant, the prophet foretold by Moses and Elijah the restorer" to which vow "all family ties and obligations and all relations to human governments shall be held subordinate." The court said he was not obliged to repose confidence in a man so constituted that, living in this republic he would serenely vow his readiness at all times to abandon his family and betray his country.

The court ordered an election on the third Tuesday of September of a general overseer, all members of the church residing in Zion City, male and female, to have one vote. He announced that suitable provision would be made for Dowie on account of his services as trustee.

John C. Hately was appointed receiver at Zion. His bonds were placed at $25,000. The adjudication in the bankruptcy proceedings against Dowie was set aside.

First Primary for Texas.

Dallas, Tex., July 28.—For the first time in the history of Texas, a primary election will be held throughout the state Saturday. This will be by the Democratic party, which is required by the new election law, to so nominate its candidates. Because of the overwhelming majorities of that party, the result will be conclusive in the selection of all officers from United States senator to constable, and the general election in November will be perfunctory. Under the party rule in this state, the legislature elects as United States senator whomsoever a majority of the Democratic voters may choose. Senator Bailey has no opponent. All minority parties will also hold precinct conventions as they are not regulated by law save as to the time they shall hold conventions.

Dearth of Cars is at End.

Adairsville, Ga., July 28.—The ten cars of rotten peaches were inspected Friday morning and all that were necessary were hauled out of town by the city authorities. Notice was served on the Western and Atlantic railway the 25th but no attention was paid to it, further than to send their attorney here for investigation. The city removed the fruit and rendered its bill. The car famine is supposed to be at an end. Plenty cars are now at hand for all, and shipments are now in sight. Picking was resumed Thursday.

Babe Scalded to Death.

Memphis, July 28.—The twenty-months-old child of W. C. Davis, a farmer near here, fell into a tub of scalding water and died in a few hours. Arrangements were being made to scrub floors when the child fell into the water and although taken out almost instantly, died shortly afterward.

Sail for Liverpool.

New York, July 28.—The Gaekwar of Baroda, his wife and suite sailed Friday for Liverpool on the steamer Cedric. The East Indian ruler spent about ten weeks in this country visiting various cities. The chief object of his visit was to study American methods of education.

COUNTY VALUATIONS ARE ENCOURAGING

Probably the Largest Ever Reported in Alachua County.

INCREASE A HALF MILLION

Over the Year 1905—An Interesting Report by Tax Assessor Colson, Who Feels Gratified—Phosphate and Naval Stores Make Big Increase.

One of the best and most substantial evidences of the industrial development and general prosperity of Alachua county is given in an interesting tabulation of the valuation of property in this county by Tax Assessor W. W. Colson for the years 1905 and 1906.

In every instance in this recapitulation it will be noted that there has been an encouraging and almost astonishing increase for the periods named.

In 1905 the real estate valuation was $2,308 350; in 1906 it was $2,585,130, showing a gain of $276,780. Railroad valuations increased from $1,456 769 in 1905 to $1 525,059 in 1906, making a net increase of $68,290. Telegraph companies' valuation for 1905 was $17,394, and in 1906, $23,665, showing a gain of $6 271. Personal valuations were $1,016,780 in 1905; in 1906 they were $1,165,690, which made an increase for the year of $149,460.

The total valuation for 1905 was $4,798,708; for 1906, $5,299 544, showing the net total increase in one year to be $500,801.

Assessor Colson, in speaking of the report, states that it is probably the largest and most favorable ever given out in the county. It shows the people and the county to be in a prosperous condition, which is naturally very gratifying. The increase, however, in real estate and personal property is attributed largely to the phosphate and naval stores industries, which have been steadily extending, and which are being operated extensively throughout the county at the present time.

Lost a Fine Horse.

E. A. O'Neill, the grocer, is sad over the loss of one of his fine horses which has been driven to a delivery team. The animal, whose name was Dick, was a very intelligent one, and could perform many tricks out of harness. Mr. O'Neill purchased the horse from a collection of Sparks' Virginia Shows, when that aggregation was about to disband for the season about two years ago. Dick was a fine animal and his owner was naturally proud of him.

THIS BOY STOLE GOODS.

Helped Himself to Supplies Belonging to Supervisor Waits.

Jim Green, a youthful negro who should have been at work instead of loitering around, could not resist the temptation of helping himself to a lot of groceries and other goods belonging to Road Supervisor Waits of the Micanopy district, with the result that he was arrested, arraigned in Justice Smith's court at Micanopy, convicted, and in default of the payment of a fine imposed, was sentenced to serve three months in the "gang."

Marshal C. H. Crisman of Micanopy brought the prisoner to Gainesville and turned him over to the proper authorities. Deputy Sheriff J. H. Granger took him Thursday to Dunnellon, where he will take a three-months' course at digging phosphate.

When Green will have served his sentence, it is hoped that he will be content to go to work and leave other peoples' goods alone.

Modest Claims Often Carry the Most Conviction.

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by all druggists.

A Boss Nurseryman.

T. K. Godbey and daughter, Miss Ellen, were in the city from Waldo Thursday. Mr. Godbey is a successful nurseryman, and also makes a specialty of raising sweet potato cuttings for the trade. At the latter he has enjoyed remarkable success, and his tuber cuttings have the reputation of making the finest and most prolific yield of any in the State. The flavor is said also to be exceptionally fine.

Bowel Complaint in Children.

During the summer months children are subject to disorders of the bowels which should receive careful attention as soon as the first unnatural looseness of the bowels appears. The best medicine in use for bowel complaint is Chamberlain's Colic, Cholera and Diarrhoea Remedy, as it promptly controls any unnatural looseness of the bowels. For sale by all druggists.

And Still They Come.

C. O. Holland and family of Daytona have arrived in the city, and will make Gainesville their future home. Mr. Holland is a piano salesman and has accepted a traveling position with A. R. Harper.

It is hoped that Mr. Holland and family will be pleased with their new place of residence.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation, as it stimulates the liver and restores the natural action of the bowels, without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse substitutes. J. W. McCollum & Co.

IN CONSTANT RAIN GAME WAS PLAYED

Weather Unfavorable, But Teams Got to Work Anyway.

THE SCORE WAS ONE-SIDED

Same Old Story of a Shut-Out by the Twirlers From West Florida—Oak Halls Couldn't Stand the Rain and Grounds and Suffered Defeat.

It don't take long to tell this story, because it's short, having concluded at the fifth inning—all wet, the visiting Madison team happy, the Oak Halls and their friends not mad, but disappointed.

The game was played Thursday afternoon in a downpour of rain, which at times almost blinded the players and shut the diamond off from view of the grand stand. However, both teams played with a cheerful willingness, in response to the repeated cries of the grand stand to "play ball." It was a mighty poor game of ball, the torrents of rain and slippery ground being great drawbacks. The visitors seemed to be more accustomed to such conditions than the Oak Halls, however, with the result that the score at the fifth inning was thirteen to a big goose-egg, in favor of the West Florida boys.

That's all—but that's enough.

The Madison boys are as clever as one wants to meet as a whole. They enjoyed their stay here, and the Oak Halls and citizens generally enjoyed having them.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

FEARFUL TRAGEDY AT TURPENTINE CAMP

White Man Murdered and Two Negroes Lynched.

THE STORY FROM KISSIMMEE

The Victim Was Edward Granger, Formerly of Putnam County, and a Relative of Officer J. H. Granger—Two Perpetrators Reported Lynched.

Information was brought to this city Friday of the murder of Edward Granger, formerly of Grandin, by two negroes on the McCall naval stores farm near Kissimmee.

Mr. Granger, who is a first cousin of Deputy Sheriff J. H. Granger of this city, was employed as a woods rider on the McCall place. For some reason he had apparently caused the displeasure of the negroes, whom it is said waylaid and shot him.

This occurred on Wednesday night. The negroes, the names of whom could not be learned, made their escape, but an enraged and indignant mob went searching for them, apprehending them late Thursday afternoon. It is reported that a lynching followed.

Inasmuch as there has been no press report made of this affair, the information is very meager. It is a fact that Mr. Granger was murdered, however, as T. J. McRae of this city, who was in Kissimmee at the time of the tragedy, stated that he saw the victim after his death.

Friends of Mr. Granger sympathize with him in the sad and sudden ending of his relative's life.

STOLE A BICYCLE.

Small Colored Boy Rented Wheel and Never Returned It.

William Anderson, the bicycle and electrical goods man who is located on West Union street, is minus a bicycle as the result of renting.

About 9 o'clock Wednesday morning a colored boy about fourteen years of age entered the place and rented a wheel for an hour. He was given a Triumph, and went his way. Several hours have passed, but up to 9 o'clock Thursday night the young culprit had not returned with the wheel.

Vallie Newbern, clerk in Anderson's store, says he knows the boy, and the officers have been put on the trail.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold, but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at all drug stores. 50c and $1. Trial bottle free.

Scotts Will Have 'Possum.

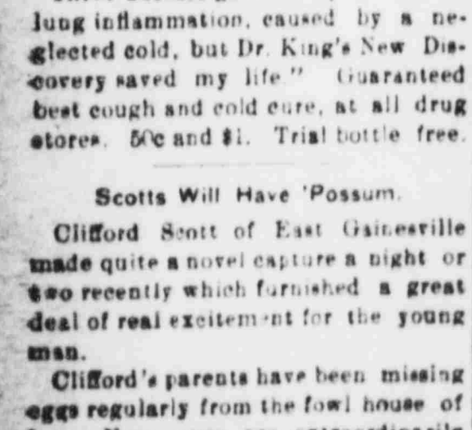
Clifford Scott of East Gainesville made quite a novel capture a night or two recently which furnished a great deal of real excitement for the young man.

Clifford's parents have been missing eggs regularly from the fowl house of late. Now, eggs are extraordinarily scarce, it being difficult at times to purchase them in the market—and difficult indeed to purchase the fresh kind that you would gather from your own hen's nest.

Clifford decided to "lay" for the "fellow" who was taking his eggs, and consequently kept a watch. He heard a noise in the fowl house, and upon creeping quietly to the place discovered a half-grown 'possum feasting on the delicious hen fruit.

The 'possum was captured, and when the animal has grown a little more there's going to be a 'possum dinner in the Scott household.

TIGHMAN'S CONDITION POWDER



DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the papers is sure to know of the wonderful cures made by Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

ROGERS' ARRIVED SAFELY

After Pleasant Trip Minister and His Wife Arrive at Swannanoa.

Friends of Rev. S. B. Rogers in this city will be glad to learn that he has arrived safely and comparatively unfatigued at Swannanoa, N. C., where he has gone with his wife for a few weeks' much needed recreation.

Mrs. Rogers wired friends here Friday to the effect that her husband had stood the trip well, and seemed to be no worse. He has been for several weeks quite ill, and it is hoped that the change of atmosphere will prove a benefit to him and bring him to speedy recovery.

WILL RAISE HORSES.

Rumor That a Stock Farm Will be Located at Gainesville.

While no particulars have been learned, it is rumored as a fact that there will soon be established near Gainesville an up-to-date stock farm for the raising of fine horses.

Those at the bottom of the venture have plenty of money and energy, and propose to buy as a foundation a number of the finest thoroughbred animals. This will add another feature of industry to this section, which will no doubt prove profitable to the promoters.

Only 82 Years Old.

"I am only 82 years old and don't expect even when I get to be real old to feel that way as long as I can get Electric Bitters," says Mrs. E. H. Brunson of Dublin, Ga. Surely there's nothing else keeps the old as young and makes the weak as strong as this grand tonic medicine. Dyspepsia, torpid liver, inflamed kidneys or chronic constipation are unknown after taking Electric Bitters a reasonable time. Guaranteed by all druggists. Price 50c.

Quarterly Conference.

The third quarterly conference of the M. E Church, South, was held in the city Friday, Presiding Elder Bridges presiding. The session was devoted to the regular routine work which usually comes before the conference. The reports show the various departments of the church in good condition.

A Hard Lot

Of troubles to contend with spring from a torpid liver and blockaded bowels, unless you awaken them to their proper action with Dr. King's New Life Pills, the pleasantest and most effective cure for constipation. They prevent appendicitis and tone up the system. 25c at all drug stores.

In the Mayor's Court.

Charles Carter was arraigned in the mayor's court upon a charghe of disorderly conduct, the specification being that he assaulted a small boy. The defendant was fined $2.50 and costs, which was paid.

Do Not Neglect Your Bowels.

Many serious diseases arise from neglect of the bowels. Chamberlain's Stomach and Liver Tablets are a pleasant and agreeable laxative. They invigorate the liver and regulate the bowels. For sale by all druggists.

THE NEWS FROM WALDO.

Home of Aged Man Burned—Shooting Affair Between Two Negroes.

Waldo, July 26.—Mrs. John Winter and children, Ruby and Park, have gone to Akron, Ohio, to visit relatives.

The Ledden and Bates Company have placed a fine new piano in the Waldo House.

Mrs. Doc Johns has been quite ill but is improving. Mrs. Frank Johns, her sister, of White Springs, was here to see her the past week.

Miss Sue Atwater has been very ill but is better. Dr. Wills of Starke attended her. Miss Ella Atwater is expected from Miami.

Mr. Hisler, an aged man who has been living alone, was burned out Saturday, losing almost all he had. Neighbors have somewhat reimbursed him for his loss. The origin of the fire is not known. He was away at the time.

In a dispute Will Jones shot George Buddington twice in the thigh. Both are colored.

Roy Kennard of Fernandina made a visit to relatives here for some days and returned.

Mrs. S. P. Entenza and Misses Emma and Bernice are making a visit in South Jacksonville with George G. Smith and family and other relatives, and also in Fernandina with Mr. Carlo and daughter.

Mrs. J. W. Jolly has returned to her home in Leesburg, after a visit here and at Bronson with relatives.

J. R. Wilkerson was presented on Sunday with a handsome rocking chair as a tribute to his fidelity and efficiency as superintendent of the Methodist Sunday school through the past several years. The gift was purchased by contributions from the school and friends.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes, and even in the worst cases gives comfort and relief. Sight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." J. W. McCollum & Co.

Wheel Still Missing.

The Triumph bicycle, rented from the establishment of William Anderson on Wednesday morning by a small colored boy for an hour, has not yet been returned. Officers are at work on the case. The clerk, Vallie Newbern, has furnished the name and description of the boy, and it is believed that he will be captured with the wheel within the next day or two. The wheel is valued at about $20.

SKIN DISEASES

FIERY ACIDS IN THE BLOOD

All skin diseases are due to the same cause—an excess of acid in the blood caused by faulty assimilation of food and poor bowel action; this fiery acrid matter is forced to the surface through the pores and glands. Pustules are formed, discharging a sticky fluid which dries and makes a crust, causing intense itching. When the crusts or scabs are scratched off the skin is left raw and bleeding. Sometimes skin diseases are in the dry form, and bran-like scales come on the flesh, or the skin becomes hard and dry, often cracking, and the painful itching causes acute suffering. It does not matter how the trouble is manifested, the cause is the same—an excess of acid in the blood. Salves, powders, cooling washes, etc., while they relieve the itching and give the sufferer temporary comfort, cannot cure the trouble because they do not reach the acid laden blood. The best treatment for all skin diseases is S. S. S., a remedy that is purely vegetable and one which acts directly on the blood with a cleansing, healing effect. S. S. S. neutralizes the acids, and purifies the blood so that the skin instead of being blistered and burned by the fiery fluids, is nourished by a supply of cooling, healthy blood. Special book on Skin Diseases and any medical advice desired will be furnished without charge.

Dear Sirs—My body broke out with a rash or eruption which in spite of all efforts to cure continued to get worse. The itching, especially at night, was simply terrible. I had tried many highly recommended preparations without benefit, and hearing of S. S. S. determined to give it a fair trial, and was inexpressibly delighted when a few bottles cured me entirely.

If the attorneys for the Jacksonville ice trust succeed in demonstrating that there is no law in Florida to prohibit their combining to rob the people, the next Legislature should lose no time in passing a law that will put all such combinations in restraint of trade out of business.

It is reported that the City Council has materially increased the valuation placed upon certain real estate in the corporate limits, but as the State law requiring notice of such increase in assessments to be published in a newspaper has not been complied with, it will be optional with the taxpayers as to whether they pay upon the increased valuation.

SUNBEAMS

BY J. MAVIN NICHOLS

(All rights reserved in Alachua county.)

Written especially for Gainesville Daily Sun.

Character is a beautiful dream cut into stone from human quarries.

You can't see the heavens through a telescope until first you put out every light.

A nation is not to find its permanence and support in real estate, but in men.

Nothing is more rational than our tribute to great men. They represent our history—our toils, trials and triumphs.

The secret forces of our civic, moral and intellectual life in this new century grant no possible quarter to the sluggard.

Like immortal ships, the spirits of great men sail the ocean of time. They bear all the treasures of the age that made them.

The world's great heart is like an organ vast; the sweep of the individual hand will produce either harmony or discord.

In order to make the thing around a man mean anything to him, you have got to enrich his mind, his spirit and his nature, and then he turns his money into higher forms.

Pleasure, as a secondary desire, is worth of your seeking. But he who makes pleasure the supreme end of life is unworthy of the infinite possibilities with which this wonderful century endows him. That is an intensely narrow life whose extended boundaries cover no more than the passing pleasures of the hour.

The edelweiss is a little perennial, white, wooly plant that grows high up among the Alps. It grows only when bosomed in eternal snows and nursed by the tempests. Ah, here's the paradox of life. Some of the sweetest, purest, noblest souls of earth are like reeds shaken in the wind. The greater the storm the grander the life. How indefinable, yet how often seen.

We live or die as we perpetuate ourselves in the on-coming generation. A country is no greater than her sons. The tide of civilization ebbs and flows with the rise and fall of new-born hearts. Ancient Tyre was so busy with her commerce of the seas that she raised no son to give eternal setting in poetry, or history, or tomb, or art, or religion to her now dark, unsounded and unlettered life.

Can you tell why there should come to you the thought of some one miles away? Can you tell why the sweet insistence of memory should force before you visions of loved ones in the long ago? They are our loved and lost for a little while. These hallowed forms pass before us in the night-time of our pilgrimage here. We could not live without them. We cannot live apart from other days. Our hearts are intertwined. Destinies are interlinked.

Egypt relied upon her corn, Phoenicia upon her purple dyes, Athens upon her splendors, Rome upon her invincible armies; but these have long since passed away, and their ancient glory is but a memory. Palestine had her Syrian skies whose stars kept vigils while humble shepherds kept watch on her sacred hills. She lives in her Christ of the ages. True! A carpenter's son and the child of peasantry. But Palestine lives forever because the son of Mary walked the highways of Jerusalem and along her roads.

Each heart is born to pursue its own appointed way. Circumstances that favor you might prove disastrous to another. It were wrong to sigh for others' places, and wish that they might take yours. Your craft sails not alone on life's wide sea. A thousand fleets from every zone are out upon as many seas. What for you is a favoring breeze might dash another upon the shoals. The very thought itself is sweet. Our barques, driven by their own favoring winds, may glide in widely separated courses. But, somewhere and somehow, we shall cast anchor in a common harbor where the waters lave the sands of gold.

The human mind does not achieve its victories by one single effort. From every conceivable source the mind gathers in its treasure-trove. A sort of mental incubation goes on all the while. From some form of common fact the eagle form of splendid discovery springs forth. Physiologists call it "unconscious cerebration." Our brain toils on, all unknown to us working out new and startling truths from facts long since gathered. Some would dare to call it "inspiration." Newborn thought, whose marks are majesty and power, is but the beautiful fabric unconsciously spun by the brain from a wilderness of material as it passes through the loom of life. And we're amazed at the finished product.

Doctor Gladden tells us that it is the men and women who sit every Sunday morning in the pews of our churches to whom the call for increased public spirit comes first and loudest. They, more than all others, are responsible for the redemption of our cities and towns. The cities are in the condition in which we now find them because they have worn too loosely the bonds of civic obligation. They have been too willing to take from the commonwealth the protection, the privilege, the bounty, and to render little or no return in faithful service. When the city summons they say, "I pray thee have me excused." They sometimes talk of unreasonableness if you suggest that a man might be required to neglect his business, or to forego a portion of his gains in order that he might serve the city. All such estimates must be revised. We shall never have good government until those who call themselves Christians get a deeper and broader idea of consecration. It is a high calling—this call to American citizenship.

If a man serves the end unto which he was born, that purpose will consume him. "We are remembered by what we have done." Like the candle, the design of which is to give light through its own consumption, it burns on and on until the flame snuffs itself for want of more to burn. David incarnated himself in Israel's psalmody and sung for the ages. Isaiah dreamed of prophecy until his life became the expression of unborn days. Socrates spent himself until the Athenian youths were toiled to intellectual greatness. Alexander the Great burned with the spirit of war until his very step made the earth quiver as though already conquered. Dickens poured out his life among England's poor until the world caught the sublime conception of kinship. Peabody transformed his life into gold and then taught men how to transform that gold into brains. O, no man can accomplish the end for which he was born unless that end consume him. Flame on, thou restless soul. Burn on and on, until the flame of thine own design consume thee. Here, and only here, begins thy truest immortality. And from these ashes of thyself, He who planned the design shall kindle another and grander flame whose years lose themselves in outstretched centuries.

THE BANKS GAIN MILLIONS.

Press reports from New York report that the Secretary of the Treasury, when in that city a few days ago, authorized the statement that he would promptly deposit money in the banks if money rates hardened, and that he would immediately return to the banks in the shape of public deposits the money received from the sale of Panama canal bonds. So the banks, under this arrangement, are to have their cake and eat it too. They buy the canal bonds and draw the interest, and our kind and devoted friend of the banks, the Secretary of the Treasury, will hand them back the money. "If money rates harden," and who can doubt the rates will not "harden" under such an incentive? If the rates "harden" to eight per cent the banks would be able to loan the $30,000,000 at the rate of $2,400,000 a year and at the same time be drawing the regular interest of two per cent on the bonds, or $600,000.

The question naturally arises, why did the administration sell Panama bonds when the money was not needed in the treasury? Respectfully referred to the President and his Secretary of the Treasury.

The poultry industry is an important factor today, and will bear much study, whether conducted as a side line or as an exclusive occupation.

PANAMA CANAL.

The strenuous struggle of the administration to force Congress to adopt the lock type of canal at Panama, against the advice of the greatest hydraulic engineers from all countries, because it could be built in less time, has been given fresh and ominous warning by the serious accident in the Manchester, England, ship canal. The engineers, in the evidence before the Senate committee, "argued against the plan of putting three locks in flight at Gatun," says The New York Post, "as in the accepted project for the Panama canal, pointing out the peril of thus putting all the eggs in one basket. They maintain that if, by accident, a ship should get out of control and crash through the gates of one lock, she would be certain to carry out all three; whereupon the canal would be drained, and it would be the work of two or three years to put Humpty Dumpty back again. Well, something very like that, in miniature, happened at the Irlam locks of the Manchester canal. A steamer of only 700 tons, the Cassia, by some blunder made for the wrong lock, instead of the one filled to receive her. Though she had but little way on her, she smashed through one of the gates, the weight of water broke in the others, and the safety gates which were promptly set were also speedily swept away, and all the water higher up the canal poured out to sea. Traffic was entirely suspended for two days, till the spare steel gates could be got in place. It was, of course, a comparatively simple affair in such a canal; but imagine an accident of the kind at Gatun, at 85 feet above the sea!"

The sea-level plan is more costly and would take somewhat longer to construct, but there is no doubt would in the end be cheaper and safer.

As we walked the streets of Gainesville last week we could not help noticing the phenomenal progress of that beautiful city. There is no comparison between the condition of that city now and what it was under the "wet." The sobriety, prosperity and happiness of the people were everywhere manifest. Its present advancement on all lines, financial, moral, social and intellectual could not have been possible under the influence of the open saloon. The open saloon is a blight without a single redeeming feature.—Brooksville Argus.

D. T. Gerow, who for the past 25 years has had charge of the Standard Oil interests in Jacksonville, has resigned. He is postmaster of Jacksonville and will hereafter devote his entire time to the duties of that office. Mr. Gerow is one of the Republican "wheel horses" of Florida.

All dogs not muzzled in Jacksonville by August 1st will be killed by the police. During the past year several deaths of persons have occurred in that city from the effect of being bitten by dogs supposed to have been afflicted with the rabies.

It is reported that Hon. Geo. G. Matthews of Ocala will be the "administration" candidate for Speaker of the Florida House of Representatives.

DGE WILLS' RULING ACQUITS DEFENDANTS

ange and Lightning Rod Men Relieved of Licenses.

ANAGER REYNOLDS TALKS

e is Disposed to Be Fair, and Says When State Law is Just and Not in Conflict With United States Law, He Will Make Compliance.

After a long and interesting scramble, involving several legal points, which resulted in the serving of papers upon A. G. Reynolds, district manager of the Wrought Iron Range Company of St. Louis, and a number of lightning rod agents who have been doing business in the county without a license, their subsequent arraignment before the county court, their conviction and fine, and a final writ of habeas corpus secured by Carter & Leyton, defendants' attorneys, the question of whether or not the State and county has a right to charge and collect a license for the sale of this class of goods by traveling solicitors has been settled by a decision or Judge Wills of the Eight Circuit, rendered Thursday, reversing the verdict of the county court.

Mr. Reynolds is what is known as a district superintendent, or more commonly called a "block foreman," among the men who are employed under him, for the Wrought Iron Range Company. Mr. Reynolds has the charge and care of a half dozen teams, each wagon containing a sample of the wares his company has for sale. Each team is provided with a salesman, or agent, who drives through the country, calling upon various residents, and sells the range by sample, subject to future delivery.

Mr. Reynolds has been transacting business in this section with his "block" for the past two or three months. He has had no license, because he stated to the court in the trial that, under the laws of the United States, he did not require one. He came a great deal from being ignorant when placed on the witness stand. He told the court that the State law providing a license was illegal since it was in direct violation of the United States law governing this point. The jury could not see it in this way, however, after a short deliberation brought in a verdict of guilty, when the fine was assessed.

Attorneys Carter & Layton for the defense secured a writ of habeas corpus, which was argued before Judge Wills with the result as mentioned. The defendants were ordered discharged.

Mr. Reynolds was seen by a Sun representative Saturday. He stated that he was not surprised at the decision, as he was aware of the proceedings when the matter was brought before the courts.

"I am aware of my rights and the rights of my company in Florida," he said. "I am a law-abiding citizen, because I want to be, and I am not here to violate a law or to create strife. I am here for business."

Building New Office.

With a desire, as well as a demand, for more room, W. R. Steckert land commissioner of the Cummer Lumber Company, is having erected near his home, East Lassiter street, a roomy office.

The office will be fitted up with all modern conveniences, and Mr. Steckert, who believes in having everything up-to-date, will be glad to welcome his friends when the place is finished.

Counterfeiters Located.

Salisbury, N. C., July 28.—What is believed to be a gang of counterfeiters has been located in this city by Sheriff Judson, of Rowan county. The discovery was made through two silver pieces sent to the sheriff from Cleveland county, parties at that place having procured the spurious coin while in Salisbury.

LOST A FINE BULL.

Fine Registered Jersey of Carter's Dairy Dies Very Mysteriously.

The Carter Dairy, which is famous throughout the country as being one of the best in the State, has sustained the loss of one of its finest registered Jersey bulls, which died very mysteriously a day or two ago. The bull cost when a small calf $100 and was from the finest registered stock in the country. It is believed that the animal was snake-bitten, as the symptoms were strange to those in charge of the dairy, who are well posted on all diseases of cattle.

The Carter dairy owns between eighty and one hundred head of fine Jersey cows, all of which are prolific milk producers.

DEATH OF DR. DREW.

Telegram Received Announces His Sudden Death in Jacksonville.

Mrs. T. J. McRae received a telegram from her niece, Mrs. Dr. Stanton Drew of Jacksonville, announcing the sudden death of the latter's husband in that city Friday morning.

Dr. Drew was one of the best physicians in Jacksonville. He graduated with first honors and was for a year in charge of Belleview Hospital, New York. His wife is a daughter of H. von Luttichau of Earleton, this county, her maiden name being Miss Pauline Luttichau.

The many friends of the bereaved widow extend their sympathy in the sad hour of her affliction.

Some Handsome Souvenirs.

Captain A. Paul has received from his old home, Duluth, Minn., a number of very handsome and impressive souvenir postals incident to the great storm on Lake Superior November 28, 1905, in which there occurred so much loss of life and property. It was one of the most severe storms ever known on the great lakes, and many fine vessels, with their cargoes and crew, were lost.

The cards received by Captain Paul are photographs of various well known steamships which made the harbor of Duluth in a safe but badly dilapidated condition.

BOUGHT VALUABLE LOT.

C. A. Colclough Purchased From W. R. Thomas Valuable Property.

Another real estate deal of importance has been made in this city, C. A. Colclough having purchased from W. R. Thomas a lot thirty-three and one-third feet wide, running from West Liberty to West Union streets, something over 2,000 feet. The consideration is said to have been $8,000.

The lot is one of the most desirably located in the city, being on one of the most prominent thoroughfares, and a lot which can be used for either residental or commercial purposes.

Mr. Colclough has not stated what he proposed to do with the property.

COTTON GIN WILL RUN.

Adamson & Blake Will Buy Cotton and Conduct Ginnery For Season.

For the past few weeks it has not been known whether there would be a ginnery in operation in this city during the next season or not, as Dutton & Co., the pioneer cotton buyers of this section, sold their ginnery to Savannah parties several weeks ago.

The farmers who grow cotton have been in a quandary, but now the situation has been relieved, as it is announced that Adamson & Blake have arranged to operate a ginnery during the next season, and will also purchase all the cotton brought them.

Miller Buys Property.

Phillip Miller, who has lots of confidence in Gainesville and its people and future, has purchased a valuable lot on West Liberty street. It is not known whether Mr. Miller will build or hold the lot for speculation, but it is known that he has bought it, which alone is evidence of his confidence.

Mr. Miller already owns fine property in this city. For years he was engaged in business here, afterwards leaving and taking up his home in Jacksonville. Realizing, however, that Gainesville was a growing town, and with a heart full of enthusiasm for the welfare of the city, he returned, because he realized that Gainesville was the best town in Florida in which to live and prosper and rear a family.

GAINESVILLE & GULF ELECTS NEW OFFICERS

Interesting Meeting of the Directors of That Railroad.

IMPROVEMENT CONTEMPLATED

While No Authentic Information Is Given, It is Certain That the Road Will Push Rapidly to Tampa, and Will Build to Jacksonville.

The annual meeting of the directors of the Gainesville and Gulf Railway Company was held recently, at which a great deal of business of importance to the road and to this section was discussed and acted upon.

The following officers were elected for the ensuing year: S. F. Parrott, Macon, Ga., president; A. P. Stucky, Ocala, first vice president; B. W. Blount, Ocala, second vice-president; F. M Simonton, Tampa, general counsel; C. R. Woods, Gainesville, secretary.

The following appointive offices were made: C. N. Atkinson, general manager; J. B. Cutler, general superintendent; L. E Barker, traffic manager; H. E Taylor, treasurer.

There has been a slight change in the board of directors, which for the coming year will be as follows: A P. Stuckey, B W. Blount, J. B. Cutler, C. N. Atkinson, F. M. Simonton, S. F. Parrott, Geo. W. Parrott.

While nothing authentic has been given out, it is understood that the management of the Gainesville and Gulf will push the work rapidly southward to Tampa, and that within a reasonable time through trains will be running. It is also rumored that the road will be extended from Sampson City to Jacksonville, affording a through line by a new and nearer route.

Extensive improvements are also contemplated in the roadbed and rolling stock and equipment.

The management of the Gainesville and Gulf is determined to make this the trunk line of Florida in reality.

Your Liver

Is out of order. You go to bed in a bad humor and get up with a bad taste in your mouth. You want something to stimulate your liver. Just try Herbine, the liver regulator. A positive cure for constipation, dyspepsia and all liver complaints. Mrs. F——, Ft. Worth, Texas, writes: "Have used Herbine in my family for years. Words can't express what I think about it. Everybody in my household are happy and well, and we owe it to Herbine." Sold by W. M. Johnson.

Alleged Murderer Arrested.

Chicago, July 27.—Frank J. Constantine, the alleged murderer of Mrs. Louise A Gentry at her home, Jan. 6, last, is under arrest in Poughkeepsie, N. Y. Constantine is said to have been recognized by a woman who at the time lived in the apartment building in which the murder was committed. She reported to the police authorities at Poughkeepsie that the man was Constantine and he was at once arrested.

FIGHT EXPECTED WITH CLAN.

Posse of 300 Has Been Summoned to Arrest Party of Feudists.

Brinkley, Ky., July 27.—Much excitement prevails here as the result of an order by Judge Gardener, of this county court, summoning a posse of 300 men to bring in a party of feudists, dead or alive, from Beaver Creek.

As a final warning to the mountaineers, Sheriff Hays left Hinchman on Wednesday for Beaver Creek, where certain members of the Hall and Martin families, under indictment on the charge of murder, have been defying the authorities for some time. The Halls are at the home of of Dick Hall, the wounded leader of their faction, and Wyatt Martin is hiding in the mountains with 50 well-armed men.

Both leaders are surrounded by armed mountaineers and if the sheriff attempts to make any arrests, a fight is expected.

Blunder Nearly Cost $150,000.

St. Louis, Mo., July 27.—The mistake of Alonzo Kimberlin, a bell boy, at the Terminal hotel station, in the union station, in giving a suit case containing $150,000 in cash and negotiable securities to the wrong man, caused William Bender, Jr., of Mankato, Minn., 18 hours' of anxiety, which ended when the suit case was returned intact. Kimberlin, who was entrusted with the grip while Bender bought his ticket, was hailed by a man who, he says, was dressed similarly to Bender, saying "Come on, ready now." Kimberlin followed the man to a Chicago bound train, which immediately departed, and on his return to the station was found by Bender, and explanations followed. The suit case was intercepted by telegraph at Litchfield, Ill. Bender departed for Anderson, Ind., and he again selected Kimberlin to carry the suit case to the train.

The Smile

That won't come off appears on baby's face after one bottle of White's Cream Vermifuge, the great worm medicine. Why not keep that smile on baby's face. If you keep this medicine on hand, you will never see anything else but smiles on his face. Mrs. S——, Blackwell, Okla., writes: "My baby was peevish and fretful. Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and he has not had a sick day since." Sold by W. M. Johnson.

UNIVERSITY EQUIPMENT.

Thirteen Cars Required to Transport. Last Consignment Today.

Chas. C. Warren has returned from Lake City, where he has been for the past few days superintending the loading of tne furniture and equipment of the University of Florida for shipment to Gainesville. Several carloads have already arrived, and the last consignment is expected today. Mr. Warren states that thirteen cars were required to transfer the equipment.

Mr. Warren speaks in high praise of the people of Lake City, and says he was never treated more cordially in his life. He found in Lake City some clever people, many of whom he can never forget.

Saved His Comrade's Life.

"While returning from the Grand Army Encampment at Washington City, a comrade from Elgin, Ill., was taken with cholera morbus and was in a critical condition," says Mr. J. E. Houghland of Eldon, Iowa. "I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and believe saved his life. I have been engaged for ten years in immigration work and conducted many parties to the South and West. I always carry this remedy and have used it successfully on many occasions." Sold by all druggists.

GAINESVILLE ELKS HAD BIG SESSION

Plans of Building Was Discussed and Conclusion Arrived At.

AN EXCLUSIVE CLUB HOUSE

And Home For Elks, With No Commercial Features, Was Decided Upon—Committee Appointed, Who Will Submit Plans at Next Meeting.

One of the most largely attended and interesting meetings ever held by Gainesville Lodge No. 890, B. P. O. E., since the night the lodge was instituted, was held on Thursday evening, the drawing card being the subject of the new home to be erected by the Elks.

There were present nearly a hundred enthusiastic members of the lodge who are desirous of having a building erected at once. The matter was thoroughly discussed, after which by motion, a committee was appointed to secure plans of a club house and exclusive Elks' home, at a cost not to exceed $8,000. The Elks have one of the most desirable lots in the city, on East Main street, at the foot of which thoroughfare the new government building, to cost $60,000, will be located.

The discussion of what kind of a building was desirable was an open one, and the ideas were diversified. Some thought that a building with an opera house attached would be the proper thing; others had the idea that store rooms or offices would prove the proper thing as a source of revenue while others expressed their favor for a club house and Elks' home proper without a view to profit.

Inasmuch as a building with commercial features would cost from $18,000 to $25,000, while an up-to-date comfortable home could be constructed for less than one-half the money and considering further that the latter in the end would prove much more satisfactory, the exclusive home proposition was carried, and was made unanimous.

The committee will make its report at the next meeting, and it is expected that work will begin on the building shortly.

Agreement is Reached.

Nashville, July 27.—The loyal Cumberland Presbyterians of West Tennessee met at Trenton Wednesday and discussed the division in the church. A voluntary association under the name of Council of Loyalists was formed and officers elected.

Has Married 2,000 Runaways.

Nashville, Tenn., July 27.—A. H. Burroughs, of Bristol, Tenn., widely known as the "marrying parson," on Wednesday performed the marriage ceremony on the two thousandth couple of runaways. He made this record in 16 years.

HAD BIG MEETING

Local Camp, Woodmen of the World, is Growing Very Fast.

The local camp, Woodmen of the World, is growing very rapidly. New vigor seems to have been injected into the members who have lain dormant for so long, and after the State organizer, Carter H. Dame, "punched them up" they got busy, with the result that since their energy and enthusiasm has been awakened thirty-one new members have been elected to the order.

The camp held an enthusiastic and largely attended meeting Thursday evening, at which time it was decided to hold a big log rolling on Thursday night of next week, which promises to prove a banner occasion, and one that will long be remembered. A committee was appointed on arrangements, of which Organizer Dame is chairman, and something real good is assured.

Cloudburst Does Great Damage.

New York, July 27.—A cable dispatch from Turin says that a terrific cloudburst in the region of the Mont Cenis tunnel caused great loss of life and property Wednesday. Almost the entire village of Forneux was destroyed. Twenty-two houses were completely demolished, and the damage thus far has been ascertained. 15 persons have been killed and 60 wounded. The damage is estimated at $1,000,000. From Modene to Bardonecchia the country was ravaged by the storm. Sanitary measures were rendered almost impossible at Forneux owing to lack of laborers. The storm destroyed the electric cables causing a lack of light and power, and drinking water is scarce owing to the recent great heat.

Swede Charged with Larceny.

New York, July 27—Samuel Schroekowsky, a Swede, former resident of Lidkoeping, Sweden, was arrested on Wednesday at Ellis Island where he had landed from the steamer Carmania, charged with having fled from his native city with a large sum of money not his own. Later the prisoner was committed to the Tombs by a United States commissioner to await Swedish extradition papers. When arrested Schroekowsky had $1,273 in American money in his pockets. It is alleged that the prisoner who was employed as a clerk by a clothing merchant in Lidkoeping, sold off the stock of the store and decamped with the proceeds while the owner was absent.

Canned Goods to Bear Date.

London, July 27.—The health officers of the metropolis have formulated proposals dealing with canned goods for the consideration of the various borough authorities. The most important clauses provide that the name and address of the manufacturer and the date of canning be impressed on all tins; that one piece of each consignment shall be opened on importation and examined before the goods are marketed and that food intended for canning shall be inspected by an independent official prior to being canned. The use of preservatives is strictly prohibited.

Charged with Larceny.

Boston, July 27.—Two arrests, which are said by the police to clear up complications of systematic thievery in the wool warehouse of Louis Moss & Co., by which the firm has lost stock valued at about $10,000, were made Wednesday, when Thomas O'Malley and Michael F. King, of South Boston, were taken into custody, charged with the larceny of two bales of merino wool. O'Malley has been a trusted employe of the Moss company for 15 years.

Seaboard Parlor Cars.

The Seaboard Air Line operates buffet parlor cars between Waldo and Tampa on train leaving Waldo that connects with the morning train from Gainesville.

Withdraws from California.

San Francisco, July 27.—The Prussian National Insurance company of Stettin, Germany, has decided to withdraw from California, at least for the present. Notice to agents has been sent out from the company's head office in the United States that the suspension is to be effective until such time as the company incorporates a suitable earthquake clause in all policies.

Negro Troops Enroute To Mexico.

Ft. Worth, Tex., July 27.—One thousand negro troops from Nebraska arrived here Thursday enroute to San Antonio, and thence to Ft. Ringgold at Laredo, and Ft. Bliss at El Paso. In view of the recent disturbing news from Mexico this movement of troops to the Mexican border has excited comment here.

Destructive Fire at Leeds.

Leeds, England, July 27.—A fire broke out in the heart of this city late Wednesday night and was still burning fiercely early Thursday morning. The damage thus far is estimated at $500,000, including the Great Northern hotel, which the conflagration is threatening. No casualties are reported.

Butcher Instantly Killed.

Atlanta, July 27.—John C. Bucher, a prominent citizen of Decatur, and an extensive lumber dealer and mill operator, was instantly killed Tuesday afternoon at 5 o'clock by being struck in the abdomen by a flying piece of timber while standing near a large rip saw in one of his mills located 15 miles north of Waycross.

Fire Destroyed Saloon.

Macon, Ga., July 27.—Fire destroyed the saloon of R. C. Jones, negro, on Fourth street at 2:30 o'clock Wednesday morning. The stock was practically consumed with the building. The fire had gained a good headway before the alarm was sent in. Insurance partially covers the loss.

Miss Minnie Lee, a popular and charming young lady of Melrose, has accepted the principalship of the Jennings Lake school. On beginning the enrollment was twenty-five pupils; it now has reached forty, and doubtless an attendance of fifty or sixty will be later attained. Miss Lee is an efficient teacher and the patrons will be pleased with her efforts there.

Miss Hellen Parkhill of Monticello and Miss Fannie Coles of Tallahassee are in the city on a visit to friends, Miss Pearl Whetstone. Miss Parkhill is a relative of Supreme Court Justice Charles B. Parkhill. It is to be hoped that these popular and charming young ladies will enjoy their visit here, notwithstanding they have come during the extreme dull season.

Mr. and Mrs. H. M. Steele, formerly of this city but now making their home in St. Louis, where Mr. Steele is connected highly with the C. F. X Car Lines, are rejoicing over the visit of the Stork to their home on the 2nd inst., leaving a fine boy. Being the only boy, of course his name is Henry Martin Steele, Jr., and the parents are as proud as a boy is of his new drum. Friends here extend congratulations.

J. F Smith, the photographer, expects to make his departure tomorrow morning for Niagara Falls, N. Y., where he will attend the annual session of the Association of the Professional Photographers of America. The association is composed of only the most efficient of this profession, and the meetings are for the purpose of exchanging ideas in the art of photography in all its branches. It is considered quite an honor to hold a membership, as the same is limited, and only first-class workmen, after a thorough examination as to their ability, will be accepted. While absent Mr. Smith expects to visit several other places of interest. He will return about August 20.

FUNERAL OF ED. GRANGER.

Was Held Saturday at Melrose—Mr. Granger Killed Near Bartow.

The funeral of Edward Granger, the naval stores operator who was employed as woodsman in South Florida, and who was murdered by two negroes on Wednesday night, was held at Melrose Saturday morning, and the interment was in Melrose cemetery. Rev. Mr. Moseley conducted the services.

The report of the murder and subsequent lynching of the two negro perpetrators which occurred for the first time in print in The Sun of Saturday morning, proved correct, with the exception that the location was wrong. The lynching, according to a telegram from Tampa, occurred near Bartow instead of Kissimmee, as was reported.

C. W. Chase and B. F. Hampton, two prominent citizens, are going abroad, and will sail on August 1st from New York. They expect to be absent about two months, and will visit the principal cities of the Continent.

This is Mr. Hampton's first trip abroad, and he will no doubt have many things of interest to say when he returns.

NOTICE.

This is to notify my out-of-town patrons that Smith's Studio will be closed from July 30th to about August 20th as the proprietor will be absent in attendance at the National Photographers' Association Convention at Niagara Falls. I expect to be able to serve the public still better on my return, and will have the latest and best of everything that goes to making Fine Fadeless Fotografs.

Watch this space for notice of my return.

JAMES F. SMITH,
Prop. Smith's Studio,
Gainesville, Fla.
